MCC forms nine teams to handle rain-related woes

Supervising officers and teams in each Ward; Nodal Officers for better coordination

Mysuru, June 25 (SBD&BCT)- With the monsoon expected to arrive in city within a couple of days, the Mysuru City Corporation (MCC) has taken proactive measures by forming nine teams to assist the public who may be affected by the rain. Some parts of the city have already experienced excessive pre-monsoon showers accompanied by thunderstorms.

In recent years, the MCC has faced criticism for its inability to effectively address monsoon-related situations such as waterlogging on roads, flooding and rain entering houses in low-lying areas and falling trees posing risks to roads and houses.

It has been alleged that the civic administration neglected encroachments along water bodies and failed to clean stormwater drains and regular drains, leading to flooding of residential areas, especially the low-lying localities.

While efforts have been made to tackle blockages and encroachments, there are concerns that these measures may not be sufficient to prevent a recurrence of previous incidents, which caused inconvenience and hardships for residents and commuters.

This time, however, the MCC Commissioner G. Lakshmikantha Reddy has expressed confidence in the readiness of the civic body, stating that necessary staff, officers and machinery have been mobilised to handle any situation that may arise during the monsoon season.

The nine teams will function directly under the Commissioner and have been formed in all the nine Zones of the civic body and nodal officers have also been named for greater coordination.

Mysuru, Sunday 25th June 2023

No power supply on June 27

Mysuru, June 25- Owing to emergency maintenance works at Doddakere Maidan Power Distribution Centre, power supply will be disrupted on June 27 between 10 am and 5.30 pm in the following areas:

Ramanuja Road 1st to 9th Cross, Hosabandikeri, JSS Hospital, Agrahara, Basaveshwara Road, surrounding areas of Chamudipuram, Tyagaraja Road, Chamundi Hill, Gunduraonagar, Dattanagar, Muneshwaranagar, Gowrishankaranagar, Nanjangud Toll Gate, Tavarekere, Jockey Quarters, Race Course, Sub-Urban Bus Stand, Nazarbad, Ittigegud, surrounding areas of Mysuru Zoo, Government Guest House and surrounding areas, Taluk Office, D. Devaraj Urs Road, Bengaluru-Nilgiri (B.N.) Road, Siddarthanagar, areas around Alanahalli, Giridarshini Layout, surrounding areas of Mysore Palace, Sriharsha Road, Sayyaji Rao Road, Irwin Road and surroundings, Dhanvanthri Road and areas around Shivarampet, according to a press release from CESC Executive Engineer, NR Mohalla Division.

EDITOR'S BOTTOMLINE

More than 80 people have already lost their lives in accidents on the newly opened 10-lane Bengaluru-Mysuru Expressway. The 118-km NHAI Expressway, which aims to reduce the journey from 3.5 hours to 1.5 hours, was already witness to heavy vehicular movement before its inauguration. More than 335 accident cases have been reported. All this within six months of its much-celebrated inauguration. The speed of vehicles on the Highway has increased to 120-140 kmph, but there is no traffic management in place to control speed over the many bridges, flyovers, etc. Additionally, the service roads, originally planned for access to the adjoining villages and towns, have turned into extra lanes to accommodate high-speed traffic, causing more accidents. This is a growing concern.

Furthermore, towns like Channapatna and Maddur, famous for their wooden toys and vadas, respectively, have steadily lost tourists and visitors, causing significant losses to the livelihoods of vendors along the Highway. Roadside shops have been removed to make room for the Highway, and as they are usually classified as encroachments, they are not entitled to compensation. Those with livelihoods tied to tourism and pilgrimage along the Highway have been hit hard. Job losses and safe access to towns along the Highway were obviously not accounted for when the plans for the Expressway were drafted.

The reality is that livelihoods, safety, social behaviour and environmental aspects have been neglected in the scramble for higher-speed transportation. There are villages along Expressways where residents have died trying to cross to their fields. Such problems exist across the country and arise because the costs of access roads and bypasses are high. There are always villages and towns that do not have access roads, exits, or bypasses, and each situation has its own complex impact.

Man runs 100 meters wearing high heels

Madrid: A serial record-breaker from Spain added a new title to his name by running a 100-meter sprint while wearing high heels.

Christian Roberto López Rodríguez, 34, donned 2.76-inch stiletto heels and ran the 100 meters (328 feet) in 12.82 seconds.

Rodríguez took the Guinness World Record from André Ortolf, who ran 100 meters in high heels in 14.02 seconds in 2019.

"The preparation was very exhaustive and specific. I find it very challenging to be able to run in high heels at high speed," Rodríguez told Guinness World Records. "

Cow performs 10 tricks in 1 minute for world record

Nebraska: A Nebraska woman's pet cow set a Guinness World Record by performing 10 tricks in 1 minute.

Guinness World Records said Ghost, a 4-year-old cow belonging to Megan Reimann, is officially the first holder of the record for the most tricks performed by a cow in 1 minute.

Reimann guided Ghost through tricks including staying in place, coming when called, self-roping, spinning, bowing, standing on a pedestal, fist bumping, bell touching, kissing and head nodding in the 1-minute time limit.

Reimann said she teaches a trick-training course for horses and decided to apply the same techniques with Ghost. She decided to seek a World Record after reading about a pig whose tricks earned world record title.

VOICE OF THE READER

Another victim of fake accident

Sir,

Apropos the write-up titled ***'Criminals extort money from elderly car drivers by faking accidents'*** in *SOM* dated June 21, I would like to add more to that write-up as I was one of the victims like Prof. K.P. Mahadevappa on the same road.

I am aged 58-plus, however, my hairs are turned grey. I was proceeding to Sri Ramakrishna Ashram to attend a discourse on June 4, 2023 around 5.20 pm from my residence driving my four-wheeler alone. Since it was a Sunday, the road was not busy and I was driving slowly. I heard the sound, may be after the University Guest House or Open Air Theatre. I turned around but didn't see anything.

I went ahead, may be after the Cricket Stadium gate, two boys riding the scooter overtook me to stop the vehicle. Same question they put me as they shouted at Prof. Mahadevappa.

I said no I didn't hit any vehicle. They were not wearing helmets and were aged around 18 and 21. They demanded water which I gave them by opening left door window glass. I observed nothing had happened to the pillion rider, not even a scratch.

They urged me to take him to the Hospital and immediately opened the left door of the back side. **I shouted at him to get down and told him to come to Police Station and I was sure that a Traffic Police would definitely be in the Paduvarahalli Junction and did not allow him to sit in my car.**

By that time the rider started calling his associates to that spot by phone. I went ahead and parked my car near Paduvarahalli Circle and waited there for some time. They did not come. **Of course, a Traffic Policeman was there. He was busy.**

Since these criminals did not come I went ahead via St. Joseph's Circle without informing either to the Traffic Police or nearby Police Station.

As I was really shocked, I immediately called one of my friends, who was an ex-Policeman and right now a Government PU College Lecturer. **He advised me to ignore it, saying they were all token criminals operating in Mysuru city.** It seems even he too once had this type of experience while on his two-wheeler.

I urge the Police authorities through this column to curb this type of incidents by taking suitable actions against such criminal elements.

EPFO's District Outreach Programme on June 27

Mysuru, June 25- The District Outreach Programme under Nidhi Aapke Nikat 2.0 will be conducted by Employees' Provident Fund Organisation (EPFO), Regional Office, Mysuru, on June 27 from 9 am onwards at Mysuru, Mandya and Chamarajanagar.

At HIEMA, Hebbal Industrial Area, Hebbal in Mysuru; at TAP-CMS, Old MC Road, Maddur Town, Maddur in Mandya and at Chamarajanagar District Co-operative Milk Producers' Societies' Union Limited, Kuderu village & Post, Santhemarahalli hobli in Chamarajanagar.

Stakeholders like PF Members, Pensioners and Employers may attend the programme for awareness, queries and information.

For details, contact Public Relation Officer on Ph: 0821-2599200/222 or visit Social Media Platform *(@epfomysore)* of Regional PF Office, Mysuru.

Calling meritorious students

Mysuru, June 25- Sri Male Mahadeshwara Shikshana Naukarara Sangha (Mysuru-Chamarajanagar districts), having office at No. 526, 4th Cross, 2nd Main, Sardar Vallabhbhai Patel Nagar, Police Layout, Second Stage, Mysuru-28, has invited applications from meritorious children belonging to SC (Left) community from Mysuru and Chamarajanagar districts, who have scored more than 90 percent marks in SSLC (2022-23), 85 percent marks in PUC Science stream and 90 percent marks in PUC Arts and Commerce streams, for presentation of Pratibha Puraskar.

The applications, along with a copy of marks card, must be sent by ordinary post to the Sangha office, by July 31.

For details, contact Mob: 90080-87287 or 99801-54573, according to a press release.

Lip-smacking dishes, snacks up for grabs at Jackfruit Festival

Footfall of more than 10,000 on first day; two-day event will conclude tonight at 8

Children engrossed in drawing competition organised as part of Jackfruit Festival at Nanjaraja Bahadur Choultry on Vinoba Road in city this morning.

A woman preparing for a cooking contest at the venue.

Mysuru, June 25 (GA&DM)- Various competitions for children and culinary contests marked the second and closing day of the two-day Jackfruit Festival at Nanjaraja Bahadur Choultry on Vinoba Road here this morning.

The Festival is organised by the city's Sahaja Samrudha in association with GIZ-Germany and Namma Farmers Market.

The Festival has been a huge success with more than 10,000 people visiting the venue on the first day yesterday, which was inaugurated by Deputy Commissioner Dr. K.V. Rajendra.

The Festival features a variety of Jack fruits like 'Hoo Malli', 'Divya', 'Byrasandra', 'Amrutbhoomi', 'Ambali','Ekadashi', 'Mallika' etc.

Apart from the whole range of the fruit itself, a variety of food items and products made out of the fruit are on display and sale, which are tasty and lip-smacking.

This apart, saplings of different species of the fruit are for sale. Jackfruit growers and sellers from different parts of the state are taking part in the Festival, which concludes at 8 pm today.

Satish from Bengaluru wins first prize in fruit lifting

The speciality of this year's Jackfruit Festival was the heavy Jackfruit Lifting Competition, which was held last evening.

The contest received good response as 22 men from different parts of the State took part in this curious competition, in which the competitors were required to lift a Jackfruit that weighed a whopping 21 kg, as many times in a set period.

Satish of Bengaluru bagged the first prize by lifting the Jackfruit a record number of 25 times in the specified period, while Mahesh of Belavadi in Mysuru came a close second by lifting the fruit 24 times and Preetam of Melukote in Mandya district bagged the third prize by lifting the Jackfruit 22 times.

The winners were distributed prizes after the contest.

As Robot fails, MCC pins hopes on 'Super Sucker Machines'

The Bandicoot Robot that was procured by the MCC at a cost of Rs. 34 lakh to aid UGD workers. Picture right shows the Super Sucker Machine. Two such Super Sucker Machines will be procured by the MCC shortly.

Mysuru, June 25 (MK&BS)- With the failure of Bandicoot Robot to deliver on expected lines, Mysuru City Corporation (MCC) will be soon having Super Sucker Machines to address Underground Drainage (UGD) related complaints efficiently.

Mayor Shivakumar said, "There are several UGD related complaints in city and with the addition of Super Sucker Machines, 80 percent of the complaints are expected to be addressed. These machines can completely remove the waste from manhole and clean the sewer line. The vehicles mounted with Super Sucker Machines are expected to arrive in city within 15 to 20 days, as announced in MCC budget recently to procure the machines on an emergency basis. The robotic machine brought earlier on a pilot basis failed to meet the expectations, hence we stopped at one machine itself."

According to MCC Officials, UGD complaints are being received on a daily basis and measures are being taken to address them effectively. Two Super Sucker Machines are expected shortly and tenders have been already invited to procure them. These machines will be deployed along with jetting machines and robot.

Currently, the MCC has 13 jetting machines, five to six desilting machines and one robot to clean the manholes and facilitate free flow of sewage water in UGD line. Once the Super Sucker Machines are put into action, it is expected to remove the blockages speedily and effectively.

The advantage of Super Sucker Machine is, it can function even amid high pressure in the manhole. The hard contents in the UGD can be cut into pieces to facilitate free flow of drain water, a MCC Engineer told *Star of Mysore*.

The Bandicoot Robot was procured at a cost of Rs. 34 lakh to aid UGD workers. But the equipment proved to be a damp squib as we cannot obtain desired results. Now, the UGD related complaints are being attended with the help of the robot that is handled by one and transported by two others from one place to another, in a dedicated vehicle, the MCC Engineer added.

Toilet plan near Ramaswamy Circle goes in vain again, raising a stink

For the 10th time, MCC's order to build a public toilet near Ramaswamy Circle is cancelled

Mysuru, June 25 (CN&BS)- Mysuru that is called by sobriquets like 'Heritage City' and 'Cultural City' is also a 'Clean City' for securing top slots in the rankings conducted under Swachh Survekshan every year. But when it comes to basic amenities, there are still some yawning gaps to be filled.

For instance, the plans to build a public toilet near Ramaswamy Circle that connects JLB Road and Chamaraja Double Road has been stalled again, with the order passed by Mysuru City Corporation (MCC), meeting an early death.

The MCC had taken steps to lay foundation for toilet works next to the signal light at the Circle, but the order rescinding the plans has been issued all of a sudden. It's not for the first time, as in the past too the works have been cancelled for nearly 10 times, with no clue yet on the influential persons calling the shots from behind, alleged a local while speaking to *Star of Mysore*.

With no toilet facility in the 500 metres radius of Ramaswamy Circle, those coming from rural areas and other parts of the district to Zilla Panchayat and Law Courts Complex located in the

surrounding, are left severely inconvenienced. They have to rely on the toilet on Court premises, but still women and girl students feel deprived of toilet facility.

Three acres of private property to the left of the Circle from JLB Road is abandoned, with unabated growth of weeds and shrubs, turning into a snake habitat. Still the men and women alike among roadside vendors, use the place to attend nature's call. But who can be held responsible if something bad happens? Recently a snake fell on a person.

College students also relieve themselves at the same spot. The place should be cleaned for good and most importantly, MCC should take a firm decision on building a toilet near the Circle, urged a concerned citizen.

Nagamma, a roadside vendor said, "We are forced to tread a distance due to lack of toilet facility. With nobody to take care of the shop, women vendors find it more difficult to manage. It will be helpful if a toilet is built nearby."

Mayor Shivakumar said "Twice we had identified a place to build a toilet here, but was cancelled due to a dispute. To address the dispute we will take alternate measure, while a high-tech toilet, incorporating technology, will be built near Ramaswamy Circle on the lines of the one built near Town Hall, without compromising in its quality."

Chamaraja MLA K. Harishgowda said, "I am aware of the demand for a toilet near Ramaswamy Circle and will take steps to fulfil the demand, but I am not aware of the decision that was withdrawn later. I will collect information from Officials and issue instructions to take immediate action."

Sand, cement blocks pose threat

While the lack of toilet facility near Ramaswamy Circle remains an issue, the incomplete works of the bus bay nearby has added to civic issue.

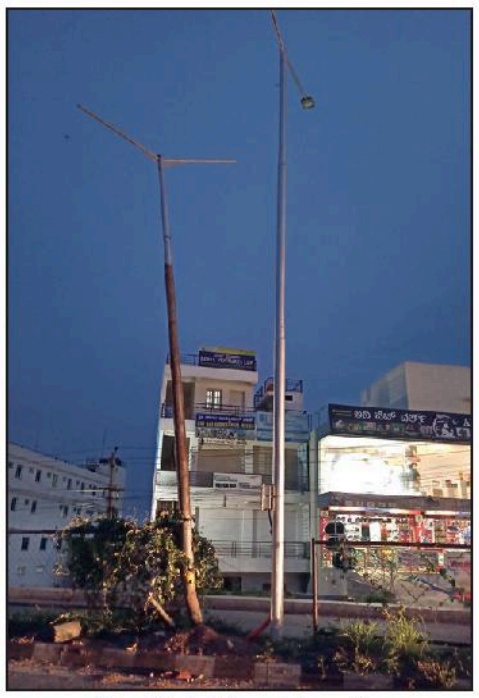
The new bus bay is coming up near the Circle towards Hardwicke School, but construction materials dumped in front occupy a portion of the road posing threat to riders, especially in the night.

The construction materials are not even covered by barricades to prevent riders from meeting accidents. Neither a warning board has been erected nor MCC acting on its own, as if the authorities are waiting for a tragedy to strike. It's better MCC acts soon by clearing the construction materials.

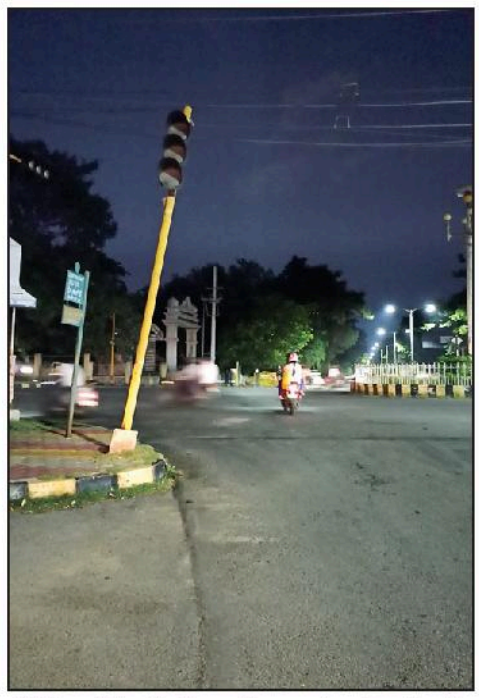
Threat to public safety

With monsoon fast approaching, leaning electricity poles pose a grave danger to commuters

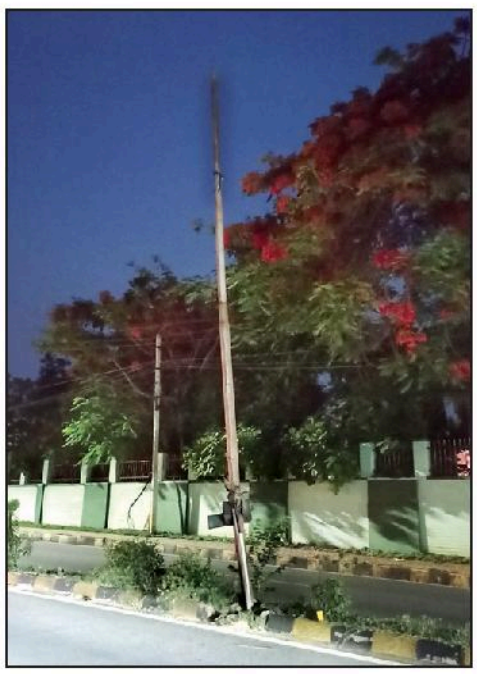
Opposite Hootagalli CESC Office



Near Hotel Roost Junction



Maharaja's College Grounds signal pole



Opposite Saraswathipuram Fire Brigade

Opposite Sri Vittala Rukmini Convention Hall

Opposite Aishwarya Petrol Bunk

Mysuru, June 25 (BCT)- There are several dangerously leaning electric poles within Mysuru city and these poles have been in this leaning state for quite some time. With the fast-approaching monsoon season, these poles have become even more hazardous, as the potential for live wires to fall on people or vehicles poses a fatal threat.

Surprisingly, neither the Chamundeshwari Electricity Supply Corporation (CESC) nor the District Administration nor the Mysuru City Corporation (MCC) has taken any precautionary measures or actions to address this pressing issue.

Some of the places where such poles can be found include opposite the Hootagalli CESC Office, Hunsur Road near Hotel Roost Junction, opposite Aishwarya Petrol Bunk, Sri Vittala Rukmini Convention Hall, opposite Basappa Memorial Hospital (BMH), opposite Saraswathipuram Fire Brigade Office and Maharaja's College Grounds.

Speaking to *Star of Mysore*, Mithun, a reader said that these electric poles are leaning so dangerously that they may fall anytime on anyone's head, causing instant death. Or they might fall on any passing vehicle electrocuting the occupants. "We have seen what happened when the Namma Bengaluru Metro pillar crashed sometime back in Bengaluru where innocent lives were lost due to sheer callousness. CESC must wake up before it is too late," he said.

"I have followed up the issue with CESC authorities multiple times to remove or fix these dangerous poles but no action has been taken even after three weeks of my complaint. I have even sent the photos to CESC Mysuru," he added.

Opposite BM Hospital

If live electric wires were to fall on pedestrians, particularly school children, they would be at risk of electrocution. Leaning electric poles, whether due to weather conditions or strong winds, are susceptible to collapse. When they do fall, they can cause significant damage, injury or even death to those in their path.

Direct contact with a power line can result in severe injuries, sometimes necessitating amputation of a hand or foot. Additionally, when tree branches touch a power line, they can energise the tree and the surrounding ground, creating an extremely hazardous situation.

Moreover, the live electric wires hanging from these tilted poles are prone to snapping during heavy winds, especially during the monsoon season, posing a potential disaster for pedestrians.

The tilt of these poles worsens when multiple cable wires are attached to them. It appears that the authorities concerned are waiting for an unfortunate incident to occur before taking any action.

Coaching for Banking exams

Mysuru, June 25 (BS)- Krishik Sarvodaya Foundation, Mysuru branch, has organised coaching classes for the aspirants of Banking exams for Probationary Officers and Clerical posts in Nationalised and Rural Banks, at its premises in Krishik Bhavan, General K.S. Thimayya Road, Vijayanagar II Stage in the city.

The classes will begin on July 3 from 5.30 pm under the guidance of retired General Manager of Canara Bank Dr. S.T. Ramachandra and other expert resource persons, both in online and offline modes.

Interested candidates can make use of the opportunity by enrolling their names before June 28.

For details and registration, contact Ph: 0821- 2301564 or Mob: 99457-52592.

Educational loan for studies abroad

Mysuru, June 25- The Karnataka Minorities Development Corporation has invited online applications from eligible minority students belonging to Muslim, Christian, Jain, Buddhist, Sikh and Parsi communities, for availing overseas educational scholarship for higher studies under Arivu scheme.

Minority students willing to undertake higher studies abroad or at prestigious Indian Institutions such as IITs, IIMs, IISc, etc., can apply online to the Corporation.

For details, visit the Minorities Development Corporation Office located in Maulana Azad Bhavan, Subashnagar, on Mysuru-Bengaluru Road or call Ph: 0821-2430080, according to a press release.

Scholarship for CBSE/ICSE students

Mysuru, June 25- The Social Welfare Department has invited applications from meritorious students belonging to Scheduled Castes (SC) community, who have passed CBSE/ICSE 10th Standard Board Exam (2022-23) in first class, first attempt, for availing merit scholarship. Students who have scored marks between 60 and 74.99 percent will get a scholarship of Rs. 7,000, while those who have scored more than 75 percent marks will get Rs. 15,000.

The eligible SC community students, who studied in CBSE/ICSE schools in Mysuru taluk, can apply along with the required documents at the Social Welfare Department Office located in Dr. Babu Jagjivan Ram Bhavan, Valmiki Road, Paduvarahalli in city. For details, contact Ph: 0821-2520910, according to a press release.

Why and How I became a Doctor

Dr. Javeed Nayeem shares his story of perseverance

City's renowned medical practitioner and** Star of Mysore **columnist Dr. K. Javeed Nayeem delivering a talk on the topic 'Why & How I Became a Doctor' at Kalpa Kshetra Auditorium in city this morning. Picture right shows a section of the audience.

Mysuru, June 25 (BLU&BS)- City's renowned medical practitioner and Star of Mysore columnist Dr. K. Javeed Nayeem shared his story of grit and determination, braving several odds, to become a medical doctor.

Dr. Nayeem, also an author, was delivering a talk on the topic 'Why & How I Became a Doctor' organised by Mysore Literary Association at Kalpa Kshetra Auditorium, Vijayanagar IV Stage, in city this morning.

In the talk that lasted close to one hour, Dr. Javeed went down memory lane, recalling how he had to face several challenges in his life, before finally realising the dream of his father who wanted his son to be a doctor. The driving force was his father who couldn't become a doctor himself due to some discouraging circumstances in life.

However, encouraged by his father's determination to make his son Dr. Nayeem a doctor, the son had apparently no other choice. His father was so impatient to see him as a doctor that he had sent his son a birthday card addressing him as 'Dr.', even before he became a doctor!

"I couldn't score good marks in PUC exam that proved insufficient to get a medical seat and had to totally withdraw the marks of all the subjects to rewrite the exams and eventually got good marks in the second attempt, to get a medical seat. I got the seat in a prestigious Medical College in Manipal, but my joy was short lived as Dr. M.V. Subbarao, a friend of my father in Mysuru, dissuaded him from admitting me to that college to study medicine, because that campus was known for indiscipline among students with unhealthy habits," recalled Dr. Nayeem.

"Being an obedient son, I instead joined B.Sc and towards the end of the degree, learnt that Physics was mandatory to study medicine. Hence I had to study additional Physics course in Yuvaraja's College," said Dr. Nayeem.

After the talk, Dr. Nayeem interacted with the audience in a question and answer session that followed. However, though his journey towards studying medicine was a challenge, he could at last make it and help his father realise his dream.

President of Mysore Literary Association Dr. K.C. Belliappa, also the former Vice-Chancellor of Rajiv Gandhi University, Arunachal Pradesh, Founder Editor of *Star of Mysore* and *Mysuru Mithra* K.B. Ganapathy and others were present.

MCC forms nine teams to handle rain-related woes

(Continued from page 1)

Officials in Zonal limits have been instructed to identify low-lying areas and other susceptible locations prone to flooding. Additionally, trees at risk of collapsing during rainfall are being identified and pruned by Abhaya teams as a precautionary measure.

Four Abhaya teams have been assigned to three city Assembly segments to handle rain-related problems, while the cleaning of stormwater drains will help alleviate waterlogging.

These teams are equipped with tools such as saw, cutters, sickles and machetes to address incidents involving uprooted trees and electrical poles. They are also prepared to handle overflowing drainage, wall collapses, and other emergencies.

Zonal Commissioners, Assistant Commissioners, Chief Engineers, Executive Engineers and the MCC Forest Wing have been put on high alert and tasked with monitoring the situation constantly. MCC Control Rooms will operate in conjunction with ward-level Control Rooms, with designated officers available 24/7 at various levels. Equipment, vehicles and other essential resources are being maintained in a state of readiness, said a statement from the MCC.

Dedicated hotlines for people to call

The dedicated hotlines will receive public complaints during and after rainfall and the staff is equipped with computers and walkie-talkies. Employees manning the Control Room can promptly inform field officials and staff to respond to emergencies.

Complaints received will be forwarded to the respective zones and the jurisdictional Assistant Commissioner will be informed to initiate necessary action. The Corporation Commissioner has already conducted several meetings with officials to discuss disaster preparedness.

He emphasised that the main channels and stormwater drains have been desilted and blockages removed to ensure the unimpeded flow of rainwater. Most of the required work has been completed and instructions have been given to finalise the remaining tasks before the onset of heavy rains. Priority will be given to residential areas prone to waterlogging. In case of excessive rains and the resulting damage during this monsoon season, additional vehicles and machinery will be procured through private agencies to assist with civic works and officers have been instructed accordingly.

[Details of Officers responsible for each Zone tomorrow]

Post-Matric Hostel admission

Mysuru, June 25- Backward Classes Welfare Department has invited online applications from Backward community PUC students (Boys and Girls) belonging to Category-1, 2(a), 2(b), 3(a), 3 (b) and SC/ST communities for admission to Post-Matric Boys and Girls Hostels run by the Department in Nanjangud taluk.

Application forms can be submitted online ***https://bcwd.karnataka.gov.in***, before July 15. For details, visit the Department Office at Nanjangud.

Two killed as truck rams into two bikes

Two others injured; public catch fleeing truck driver, beat him black and blue

Nanjangud, June 25- A driver of a truck, who lost control of the vehicle, rammed the truck into two bikes, killing two riders on the spot and injuring two others seriously. The accident took place at Kalale Gate in the taluk yesterday.

While Shivaraju (50) and T. Mahesh (33), residents of Kalale village were killed on the spot, one Mahadevu of the same village and his mother Chikkadevamma sustained injuries and are undergoing treatment at the Taluk Hospital.

The truck carrying goods from Kerala side was proceeding on the road with another vehicle proceeding in front of it. As the vehicle moving ahead of the truck slowed down suddenly, the truck driver to prevent hitting the vehicle moving in front, steered the truck to the right hitting the two bikes in the process.

Shivaraju and T. Mahesh, who were on one bike fell down and the rear wheels of the truck ran over their heads killing them instantly. Mahadevu and his mother, who were on another bike have sustained serious injuries but are out of danger.

It is learnt that Shivaraju and Mahesh were crossing the National Highway to go to Kalale village from Nanjangud when the accident took place while Mahadevu was taking his mother towards Nanjangud on some work.

Meanwhile, the truck driver, who tried to flee from the spot after the accident, was caught by the public, who beat him black and blue. Nanjangud Traffic Police, who rushed to the spot, conducted mahazar, shifted the bodies to the Taluk Hospital mortuary, seized the truck besides registering a case.

Post-mortem was conducted at the Taluk Hospital and the bodies of Shivaraju and Mahesh were handed over to their family members.

Rider killed after hitting bike to road divider

Mysuru, June 25- A two-wheeler rider, who had sustained serious injuries after hitting his bike to a road divider on Mysuru-Hunsur Road and admitted to K.R. Hospital, has succumbed to injuries at the hospital.

The deceased has been identified as B.V. Venkataramana (50), a resident of Rajivnagar in city.

On June 21 at about 6.30 pm, Venkataramana, who was proceeding on his two-wheeler (KA-45-H-8447) towards Field Marshal K.M. Cariappa Circle (Metropole Circle), lost control of the bike and hit the road divider resulting in him sustaining serious injuries. Though he was admitted to K.R. Hospital, Venkataramana succumbed to injuries at about 9 pm at the Hospital.

Devaraja Traffic Police have registered a case.

Work from home: Man cheated of Rs. 1.03 lakh

Madikeri, June 25- Online fraudsters have cheated a man to the tune of Rs. 1.03 lakh on the pretext of providing 'work from home' job.

The man, who has been cheated, is 38-year-old B.P. Pavan Kumar, a resident of K. Badaga village in the taluk.

Pavan, who came across the 'work from home' advertisement on social media, clicked on the link and received the ID of a Telegram App besides asking him to join the group. Pavan was later provided *ucoin.TV* website for which he paid Rs. 12,000 and got the task. After completing the task, Pavan was told that he had not completed the task and got Rs. 37,000 transferred from him.

The fraudsters told Pavan that he was in the last stage of completing the task besides telling Pavan to transfer Rs. 54,000 to complete the task. The miscreants then told Pavan to transfer Rs. 50,000 to withdraw the money he had invested.

A case has been registered at Kodagu CEN Police Station.

Tusker attacks car in Kodagu

Narrow escape for couple

Madikeri, June 25- A couple travelling in their Benz car had a narrow escape after a wild elephant attacked their car and gored the bonnet with its tusk leaving a hole in the car bonnet on Saturday afternoon.

On Saturday at about 12 noon, Korana Tipu and his wife, residents of Mathikadu, were proceeding in their Benz car towards their house from Suntikoppa via Chettalli, when the wild elephant appeared suddenly in the middle of the road near Kuttoti line houses.

When the wild elephant was coming forward to attack the car, the couple, sensing danger, got down from the car and fled to a safe place, thus saving themselves from the attack. But the wild elephant gored the bonnet of the car leaving a hole in the

bonnet before moving away.

It is learnt that an operation to chase wild elephants into the forest from estates in Mathikadu limits was going on from the morning and the wild tusker, which came out from an estate, attacked the car damaging it.

Miscreants blackmail trader to extort Rs. 3.06 lakh

Gonikoppa, June 25- Miscreants, who blackmailed a trader, have extorted Rs. 3.06 lakh by getting the money transferred in phases from him.

The trader, who fell prey to blackmailers, is 31-year-old H.K. Harshavardhan, a resident of Gonikoppa.

On June 19 at about 1 pm, Harshavardhan got a message saying 'Hi' from mobile number 76268-62066 and at night, he got a video call from a naked woman. Harshavardhan, seeing the naked woman, disconnected the call and later, two persons by name Shruthi Pawar and Vikram Singh called Harshavardhan on his mobile phone and threatened him of sending his video to his family members.

On June 20 between 3.30 am and 7.30 pm, the two got a total of Rs. 3.06 lakh transferred online in phases from Harshavardhan.

A case has been registered at Gonikoppa Police Station in this regard.

Cash, gold jewellery burgled from Infosys employee's house

Mysuru, June 25- Burglars, who gained entry into the house of Infosys employee at Vijayanagar 4th Stage, have decamped with cash and gold jewellery from the house on June 23 in broad daylight.

The burglary took place at the house of 50-year-old B. Narayan, Facility Executive at Infosys.

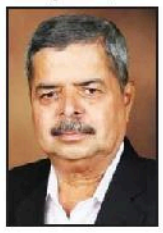
On June 23, Narayan left for work and his son Sagar, left for college. Narayan's wife Nagarekha, locked the house at about 11.30 am and went to the house of Narayan's mother at Yadavagiri.

Sagar, who came home at about 4.30 pm, saw the lock of the rear door broken and on inspecting the house, he found the doors of the two wardrobes in the bedrooms forcibly opened and about 200 grams gold jewellery and Rs. 20,000 cash missing.

A case has been registered at Vijayanagar Police Station.

Obituary

N.S. Ramesh



Mysuru, June 25- N.S. Ramesh (69), a Financial Advisor and a resident of Gokulam 2nd Stage, passed away this morning in city.

He leaves behind his wife, one son, daughter-in-law, one daughter, son-in-law, grandchildren and a host of relatives and friends.

Last rites were held at Chirashantidhama in Gokulam here this evening.

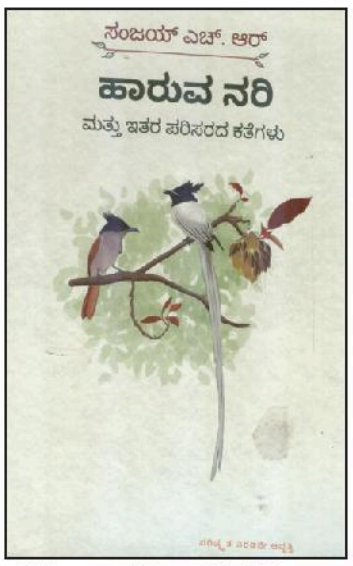
Booktalk

A book for birders

Mention birding, the name of renowned ornithologist Salim Ali pat flies through one's mind, especially those who are aware of the internationally renowned ornithologist's contributions to the world of winged friends, including in Ranganathittu Bird Sanctuary in Srirangapatna taluk, Mandya. What was a rarely practiced hobby during the time of Salim Ali, later saw many taking to bird-watching in the country not just as a mere hobby but also for research purpose with a professional approach, with many wildlife NGOs pumped with enormous funds.

The City of Mysuru that has nurtured many birders in the past and continues to do so, has in its womb Kukkarahalli Lake that is still considered as the paradise of birds. Though it is replete with commonly found winged species called neighbourhood birds, it is still a delight to watch them flying in precision with their wings wide open, with the mirror image in water, a perfect shot for shutterbugs. Hadinaru, a village in Nanjangud taluk in the district, 20 kms away from Mysuru city, is still the itinerary of many avid bird-watchers, for the lake by the same name in the village attracting not just roosting birds, but also rarest migratory birds from faraway countries like Mongolia.

What brings all these to one's mind is the latest work on diverse bird species *'Haruva Nari Mattu Itara Parisarada Kathegalu'* by Dr. H.R. Sanjay, a doctor by profession and surgeon by specialisation. Dr. Sanjay showed his literary trait in Kannada with the release of this book in July 2021. As an evidence to his way of narration, like a freshly minted graduate eager to explore the world, Sanjay's book met with a good response and saw its reprint in June 2022.



Title : Haruva Nari Mattu Itara Parisarada Kathegalu
Author : Dr. H.R. Sanjay
Year : 2022 (second print)
Pages : 134
Price : Rs. 180
Publisher : Kaveri Prakashana, Rajashekar Hospital, Mysuru

Haruva Nari, if loosely translated into Kannada means, flying fox. Here the writer is speaking about a species of bat found in India and also Karnataka that is addressed as *Haruva Nari* in Kannada, but mentioned as 'Painted Bat' and 'Salim Ali's Fruit Bat' in English.

The opening chapter titled *'Mareyalarada Neeli Hakki'* on Indian Roller aka Neel Kanth bird (in Karnataka) which is also our State bird, the pride shared along with Telangana and Odisha States, gives a glimpse of how the writer as a school-going boy was smitten by the colour of the bird, only to end up late at school, to suffer the bite of a dog by stepping on its tail. Neeli Hakki is 'Neel Kanth bird' meaning 'blue throat bird' in English.

The 16 chapters running into 134 pages have descriptions majorly on various species of birds and one chapter on Asian Palm Civet Cat, interspersed with his real life experiences that explain about his parents and siblings support in all his endeavours. But, it is only after poring over the chapters, will they be able to understand the meanings behind the titles of chapters like *Pekara Hakki, Kur Kur Mama...!, Hakkigalu Swargavu, Haruva Nari, Hotteyalli Dani, Kalalli Kivi, Neladamele Nalku Mottegalu...*

Dr. Sanjay has not only authored the book but has displayed his tryst with brush with colourful paintings of birds, along with Bhagyashri Patavardhan. A painting of various nests of birds hold mirror to the innate ability of the author for not missing out on the finer details of the bird world, all encompassed by nature.

Workshop held for IAS, KAS aspirants

Mysuru, June 25- The University of Mysore (UoM) Career Hub, Negilayogi Vidyavardhaka Competetive Exams Coaching Centre and D. Banumaiah College of Arts and Commerce had organised a one-day free workshop for IAS and KAS aspirants here recently.

Speaking after inaugurating the workshop, KEA CEO Rajesh Gowda said that becoming bureaucrats and officials is not an easy job and it requires a lot of hard work and determination. Pointing out that civil service aspirants should first set out their task, he said that success comes only with concentration, dedication and determination.

Noting that information these days come as a steady flow, he said the candidates should identify what all the information or inputs they need for their studies and then use them for their benefit. Stressing on the need for patience to achieve success, he said it is fundamental to have a strong base on whatever we do. Observing that early preparations will be good for civil services exam, he called upon the aspirants to waste no time in their preparations as time factor is crucial.

UoM Career Hub Advisor D. Ravikumar said, even common students can achieve success in competitive exams provided they study hard with determination and dedication. Asserting that no one should have the impression that civil services is meant only for the intelligent and rank holders, he said that correct planning in studies is key for cracking the exam.

UoM Career Hub's Advisor Jayashree said that many candidates are scared of English, which is not correct. Pointing out that English is an international language and learning it has become a necessity, she said that one can become proficient in English if they study hard.

Mysuru Jayadeva Hospital holds free angioplasty workshop

Mysuru, June 25 (TRR)- "City's Sri Jayadeva Institute of Cardiovascular Sciences and Research has successfully organised two day free angioplasty workshop where about 60 cardiac patients were treated and inserted with stents recently," said Sri Jayadeva Institute's Medical Superintendent Dr. K.S. Sadananda.

The workshop was successfully held under the guidance of Sri Jayadeva Institute of Cardiovascular Sciences and Research Director Dr. C.N. Manjunath which was organised jointly by Sri Jayadeva Institute of Cardiovascular Sciences and Research, America's Medtronic and Dr. Govindaraju Subramani Heart Foundation, Wisconsin, America, added Dr. Sadananda.

Dr. Subramani of Dr. Govindaraju Subramani Heart Foundation, who spoke, said that he was born and brought up in Mysuru and is doing his bit for the people of Karnataka for the past 14 years. "This time also, I have given 250 stents," he said lauding the medical services that are being provided by the Jayadeva Hospital.

Dr. Subramani said that the Hospital is providing better services than Advanced Technologies of USA.

"There is no bigger cardiac hospital in the world than Jayadeva Hospital and it is a surprise. Dr. C.N. Manjunath is leading the Hospital extremely well and the doctors and other staff are doing excellent work," opined Dr. Subramani who also provided financial assistance to three poor patients.

Dr. Santosh, Dr. Veena Nanjappa, Dr. Sridhar, Dr. Jayasheelan, Dr. Nikhil, Dr. Bharati, Dr. Dinesh, Nursing Superintendent Harish Kumar, Public Relations Officer (PRO) Vani Mohan, Nurses Gurumurthy, Satish, Balaraj, Pratap, Mahadevi, Deepika and others participated in the workshop.

Rotary Midtown team installation on July 5

Mysuru, June 25- Rtn. D. Srinivasan, a city- based hotelier, who introduced 'Mallige idli' to Mysuru, will take over as Rotary Mysore Midtown President for the Rotary year 2023-24 while Rtn. Satyendra Kashyap, an incense stick manufacturer, as Hon. Secretary of the Club, at a function to be held at Mysore Union (Mysore Socials) in Hebbal Industrial Area here on July 5 at 6.30 pm.

They will be installed by chief guest and Installing Officer Rtn. Dr. Jorson P. Fernandes, Past District Governor of RI Dist. 3170, Goa. Rtn. H.S. Venkatesh (Assistant Governor, Zone 7, RI Dist. 3181) and Rtn. M.D. Praveen Pal (Zonal Lieutenant, Zone 7, RI Dist. 3181) will be the guest of honour.

Dr. Jorson Srinivasan Satyendra

Srinivas, Joint Secretary; Ravindra Babu, Treasurer; B.K. Gangesh, Sergeant-at-Arms; Dr. K.H. Prahlad, Editor; K. Umesh, Director-Club Service; Ravikumar, Director-Community Service; K.N. Sunil, Director-Vocational Service; M.P. Gopalkrishna, Director-International Service and Mohan Gurumurthy, Director-Youth Service.

Applications invited for benefits

Mysuru, June 25- The Bogadi Town Panchayat has invited applications from eligible persons belonging to SC/ST and OBC communities, residing within the limits of Bogadi Town Panchayat, for availing benefits and facilities under SFC Muktanidhi scheme, Dr. B.R. Ambedkar Nivas Yojana Housing scheme, financial assistance scheme for students, Insurance scheme and Health scheme for the differently abled etc., covered by various Governmental grants.

The eligible persons from SC/ST and OBC communities can obtain the prescribed application forms at Bogadi Panchayat office and submit the same along with necessary documents before July 21 by 5pm, according to a press release Town Panchayat Officer.

'Civil services shaping India's future is a matter of prestige'

Former Ambassador N. Parthasarathi delves into how public service significantly impacts society

Former Ambassador N. Parthasarathi addressing students at the inaugural programme of the Platinum Jubilee Lecture Series at NIE. Picture right shows a section of students.

Mysuru, June 25 (BCT)- The National Institute of Engineering (NIE) celebrated its Platinum Jubilee in 2021 and as part of the festivities, a lecture series was initiated to inspire and motivate the students.

The series commenced with an inaugural lecture by N. Parthasarathi, former Ambassador and an Indian Foreign Service Officer. The lecture focused on the career opportunities available in the Indian Civil Services.

Parthasarathi emphasised the significance of civil services in India and the potential career paths it offers. He discussed the role of civil servants in shaping the nation and making a positive impact on people's lives. Encouraging the students, he urged them to consider civil services as a viable career option to contribute to society.

He shed light on the various career opportunities within the civil services such as Indian Administrative Service (IAS), Indian Police Service (IPS) and Indian Foreign Service (IFS), while also mentioning other potential options like the Indian Revenue Service (IRS), Indian Forest Service (IFS) and Indian Postal Service (IPS).

Parthasarathi highlighted the responsibilities of civil servants, including the implementation of Government policies, ensuring efficient administration and serving the public. "Civil services offer job security, prestige and the opportunity to make a significant impact on society, thereby providing immense personal satisfaction," he added.

Furthermore, he addressed the challenges and responsibilities that accompany a career in civil services. "Integrity, honesty and dedication are essential in serving the people and there is continuous learning and staying updated with the latest developments and technologies to make well-informed decisions," he noted. Parthasarathi presented India as a diverse country with a rich cultural heritage and a rapidly growing economy, offering vast opportunities and a wide range of career choices for the country's youth. He discussed whether engineering students should consider civil services as a career option and provided insights on preparing for it.

During the interactive session, Parthasarathi answered students' queries, providing a perspective on the pros and cons of a career in civil services and dispelling doubts.

The event was presided over by Dr. M.S. Ranganath, President of the NIE Managing Committee. Dr. Rohini Nagapadma, Principal of NIE and Dr. M.S. Ganesh Prasad were also present. Dr. G.S. Suresh, President of the NIE Alumni Association, welcomed. V. Sachin proposed a vote of thanks. Dr. M. Mohan Ram anchored the event.

Fake news on social media causing health hazards: Dr. S.P. Yoganna

Mysuru, June 25 (MK&BS)- Chairman of Suyog Hospital Dr. S.P. Yoganna has said that "Of late, there has been a menace of fake news related to the field of medicine on social media. There are numerous pages on Google with erroneous information. It is being made to believe that diabetes can be completely cured, but is it possible? People should not fall into such traps and feel cheated."

Dr. Yoganna spoke during the launch of Doctors Directory at Dasaprakash Paradise Hotel in Yadavagiri recently.

"While social media has turned hazardous to the lives of people, leave aside benefiting them, the electronic media has snatched the sleep of the people. It is inciting hatred among families by screening misleading programmes. The crime stories are shown in the night slot, making people even dream bad, losing a good sleep. It is still print media that stands for authenticity keeping the faith of the people, by reporting news on the basis of facts. Even the books fall into the same category," said Dr. Yoganna.

When it comes to diagnosis, there is no doctor who can single-handedly treat the whole body. The patients are forced to knock on the doors of specialists, in the case of any complaints related to each and every organs of the human body. It will cause delay in the timely treatment of patients. Now, the field of medicine has split into several parts against surgeons we had earlier, who were treating every disorders, be it cough, cold, fever or diabetes. With several specialists, now the field of medicine awaits a disaster, rued Dr. Yoganna.

"We should live happily, but have lost it and are finding solace in narcotic substances. Smoking is most dangerous to health and the situation is such that the parents are bringing their children to hospitals. Even the girls smoke and drink liquor, with dedicated pubs opened for them. All these hold no good to healthy society," added Dr. Yoganna.

The 'Doctors Directory' is useful as it has the details of expert doctors in Mysuru, Mandya, Kodagu and Chamarajanagar districts. It will also help the patients to zero in on the doctors according to ailments, instead of running from one doctor to another, said Dr. Yoganna lauding the efforts of R.P. Harish in bringing out the directory.

Dr. Pradeep Rajanna of Manipal Hospital was also present.

Education Department caps weight of School bags

Bengaluru, June 25 (BS)- In a major relief to students of Class 1 to 10, the Department of School Education and Literacy has issued an order capping the weight of School bags. The order is applicable for Government Schools, Aided and Unaided Private Schools, who should compulsorily abide by the regulations.

According to the order issued from the Office of Commissioner, Department of Public Instructions, the weight of School bag for the students of Class 1 to 2 has been fixed at 1.2 kg to 2 kg, Class 3 to 5 at 2 to 3 kg, Class 6 to 8 at 3 kg to 4 kg and Class 9 to 10 at 4 kg to 5 kg.

The Department has also instructed the institutions to give impetus to the students to learn through various activities at Schools, as Class 1 to 2 are considered as foundation level for students. They should not be given homework, adds the instructions of the Department.

For Class 1 to 5, no other syllabus should be followed other than languages, Mathematics and Environmental Science. For students of Class 3 to 10, more learning activities should be organised to strengthen them. The home work should be given only for related activities on requirement.

To avoid students carrying more books, a time-table should be prepared and classes be conducted as per the time-table. The practice sheets should be collected at the School itself and dictionaries, atlas, analytical science and general knowledge encyclopaedia among other learning materials should be made available at the library. The children should make use of these learning materials on requirement.

The note books should be of 100 to 200 pages only. The children should be encouraged to use only light and long lasting School bags and learning materials of lesser cost. To avoid children carrying water bottle, drinking water should be arranged at School. Awareness about the ills of carrying heavy bags should be created among parents too. Those teachers and Schools violating the norms will have to face action, the Department has warned in its order.

Conserve energy for a bright future:

Indian Green Building Council Mysuru Head

Mysuru, June 25- "It is necessary for human beings to cultivate the habit of conservation," opined Chairman of Indian Green Building Council (IGBC), Mysuru, D.S. Ramakrishna Rao. He was speaking after inaugurating awareness programme, drawing/poster competitions and exhibition organised by the Departments of Environmental Science, Geography & Physics, SBRR Mahajana First Grade College in association with Bureau of Energy Efficiency (BEE), Government of India, Ministry of Power & Karnataka Renewable Energy Development Limited (KREDL), Govt. of Karnataka.

Ramakrishna Rao cited the example of sunflower, which taps its primary source of nutrition from photosynthesis, the process of using energy from the sun to produce sugar which leads to cellular respiration and then uses to create Adenosine Triphosphate (ATP), the energy which fuels the plant.

In the absence of sun, the sunflowers face each other to share their energy in cloudy weather, as a part of the energy conservation process. He highlighted the uses of solar energy and explained the ways of creating energy.

Rao also threw light on the science and the conservation of energy in Vedic period. He also took an oath along with others to protect the environment.

In her presidential address, Principal of the College Dr. B.R. Jayakumari said, "India is considered as the global leader in almost all aspects of life. The ancient Indian civilisation has survived for over 5,000 years. India is gifted with various types of natural resources. If resources are carelessly managed, many will be used up. If used wisely and efficiently, however, renewable resources will last much longer. Through conservation, people can reduce waste and manage natural resources wisely. We must consider this our prime responsibility."

Jayakumari went on to add that it was necessary to conserve environment for its judicious use.

She also pressed on the need for using alternative sources like solar, wind and water in place of conventional electricity. The use of cycle could be a good option health-wise too.

Chairman of Rachana Enercare, Anil Kumar Nadiger, presented statistics about the import of fuel by the country and lauded that the nation has been able to achieve considerable sustainability and autonomy in this field.

CEO and Academic Advisor, Dr. S.R. Ramesh threw light on the importance of conserving human energy.

Energy Consultant and Retd. Engineer, Bhabha Atomic Research Centre (BARC), Arini Srinivas, who was the resource person, gave a powerpoint presentation on conservation of energy in human body. Arini insisted that everyone carry out small activities like planting a sapling which could have a positive impact on the health of the environment and also elaborated on energy conservation and energy efficiency which was the theme of the event.

Drawing, poster contests

Drawing and poster-making competitions were also organised as part of the event. Students unleashed their creative skills to create awareness on environmental protection. More than 70 students had taken part in the competition and their artworks were kept on public display.

Exhibition

Later, an exhibition was also organised highlighting the need for energy conservation by NIE-CRESTA in association with Rachana Enercare.

Aerobic composter, rain water harvesting, IOT based meters, Lux meters were exhibited.

Winners of painting and poster competitions are as follows:

First prize - C.V. Yashaswini Pandit; 2nd prize - V. Sahana; 3rd prize - Ayesha Suneha; Consolation - Manya H.S. Sophia Ranjini, Head, Department of Physics, Teresian College, Vindya, Art Instructor, judged the competition.

M.H. Sunitha, Head, Department of Environmental Science, welcomed. Dr. S. Poornima, Assistant Professor, Department of Physics, proposed a vote of thanks. Syeda Fiza was the Master of Ceremony.

International Symposium 'Swasthyam-2023' held

Theme: Public Health, Healthy Living and Sustainable Development Goals

Mysuru, June 25- The School of Public Health, JSS Medical College, JSS Academy of Higher Education and Research (JSS AHER), Mysuru, had organised an international symposium 'Swasthyam-2023' on June 1 and 2 in collaboration with the Public Health Research Institute of India (PHRII).

The resource persons were Assistant Vice-Chancellor, Professors belonging to Public Health, Respiratory Medicine, Infectious Disease & Internal Medicine, Psychology and Environmental Sciences. They belonged to top 100 international Universities like University of Arizona, Barry University, University of Illinois, University of Southern California and Florida International University. Participants were from various States of India.

Inaugural ceremony was presided over by Dr. Surinder Singh, Vice-Chancellor, JSS AHER. Maj. Gen. (Prof.) Atul Kotwal, SM, VSM (Retd.) was the chief guest. Dr. Umesh Kapil, President, Epidemiology Foundation of India, Secretary, National Academy of Medical Sciences, New Delhi, was the guest of honour. Other dignitaries on the dais included Dr. H. Basavana Gowdappa, Principal, JSS Medical College, Dr. Purnima Madhivanan, Associate Professor, University of Arizona and Dr. Anil S. Bilimale, Chief MPH Coordinator, School of Public Health, JSS Medical College & Poornima Jayakrishna, Administrative Officer, PHRII.

The event was conducted in a Go Green initiative reducing carbon footprints by resorting to paper pens, mud cups, glass bottles, steel plates, etc.

This symposium witnessed the exchange of ideas, the forging of connections and the sharing of ground-breaking research on maternal and child health, infectious diseases, psychology, social health, health system and policy research, air pollution, African spiritual life and social initiatives presentations. Also there were Scientific paper presentations and poster presentations; Panel discussion on career opportunities in Public Health: Current and Future Perspectives.

Hadapada Appanna Jayanti on July 18

Mysuru, June 25- Additional Deputy Commissioner (ADC) Kavita Rajaram said that people from all communities and sections of the society should come together for celebrating 12th century Vachanakara and social reformer Hadapada Appanna Jayanti in the city on July 18.

Presiding over a preliminary meeting at the Deputy Commissioner's office here recently, Kavita Rajaram said that the District Administration, in association with Kannada & Culture Department, will be celebrating Hadapada Appanna Jayanti in a meaningful manner at Kiru Rangamandira (Mini Theatre) in Kalamandira premises at 11.30 am on July 18. The details of the celebration will be chalked out as per the district protocol, she added.

Kannada and Culture Assistant Director Dr. M.D. Sudarshan said that the MCC will make arrangements for drinking water, shamiana erection, maintenance of hygiene and other amenities at the venue. The Government will provide Rs. 50,000 grant for the Jayanti celebration, he added.

State Government Employees Association Mysuru District President Govindaraju, District-level officials and community members were present at the meeting.

Entries invited for National Award

Mysuru, June 25- The Union Ministry of Social Justice and Empowerment has invited online entries from individuals and organisations who have achieved big in the field of empowerment of the differently abled for conferment of National award.

The entries must be sent along with supporting documents through ***www.awards.gov.in***, before July 31.

For details, visit the Office of the Department for the Empowerment of Differently Abled and Senior Citizens, Tilaknagar in city or call Ph: 0821-2490333, according to a press release.
